Hello, thank you for purchasing my template. Do not forget to rate my work!

Burger House is a template directed mainly to the restaurant. The project was also to mobile devices such as tablet or smartphone. The template is based on the bootstrap. This is an interesting and elegant theme for your restaurant. You can also take advantage of its functionality for e-commerce.

How to add photo:
To add your photos to the template, select the gray area, then put the photo. Choose File - Place. The photo will be converted to a smart object. Using the scale, adjust your photo and confirm with the Enter button. Then select from the top menu Layer - Create a clipping mask or Alt + Ctrl + G. Do the same with any other photo.
